AT ASPIRE

HANNAH COHEN

EDUCATIONAL THERAPIST

Hello, I'm Hannah! I'm very excited to be working at Aspire this school year. I began working here this past summer and am really enjoying it so far. I'm thrilled that I get to continue here for the school year.

EDUCATION

I am studying Child and Youth Care at Algonquin College.

I have been working with children since I was 12 and children with autism since I was 16.

FUN FACT ABOUT ME

I have been collecting snow globes since I was young. I have a collection of over 25 snow globes, varying in size, many of which are souvenirs.

I LOVE WORKING IN EDUCATION BECAUSE

...it is very rewarding helping the students. I love watching them become more comfortable in the classroom as they try new things.

MY FAVOURITE THINGS

- Bike rides
- Camping
- Nature photography
- Watching movies
- Arts and crafts

IM MOST EXCITED ABOUT

...learning and seeing how Aspire runs during the school year since I only started this past summer.

WORDS OF INSPIRATION

"Be yourself; everyone else is already taken"
- Oscar Wilde

SEE YOU IN
